Company Profile

Dear Sir/Madam,

Greetings from **Rajan Steel Fabricators**.

Established in 1973 in Ahmedabad, Gujarat, we are a trusted name in the field of **Heavy Fabrication and Engineering Solutions**. Over the last five decades, we have built a strong reputation for delivering quality products for core infrastructure and industrial sectors across India.

Our manufacturing portfolio includes:

- **M.S. Pipes and Fittings for water supply, irrigation, and sewage networks** (as per IS-3589 & IS-1239, Diameter up to 3.4 mtr)
- **Pressure Vessels**
- **Storage Tanks**
- **Industrial Chimneys**
- **Marine Components** like C.I. Bollards, Frontal Frames, and Piling Liners

We have two fully equipped fabrication units located at **Sanand GIDC and Kathwada (Both in Gujarat)**, supported by modern fabrication facilities and EOT cranes. We also have dedicated Coating unit to carry out all kinds of coatings such as Epoxy coating, PU Coating, Tape coating, Cement lining, Gunning etc. Our work is routinely inspected and certified by top third-party agencies such as **EIL, CEIL, TUV, L&T, SGS, RITES** and many more.

We take pride in having completed critical assignments for industry leaders like **HPCL, IOCL, IFFCO, NTPC, NPCIL, L&T etc.**

We kindly request you to consider our credentials and enlist us as an approved vendor. Enclosed are our company profile for your review. We would be honoured to support your upcoming projects with our proven capabilities.

We will be most grateful if you can share your ongoing or upcoming requirements in which we may be able to support.

Thank you for your time and consideration.
Warm regards.

From Rajan Steel Fabricators

Mittal R. Shah

QR For Website

• **Trusted Name in MS Pipes and Fittings**

Specializing in MS Pipes (ERW, SMAW, SAW) & Fittings (Size from 20mm to 3.4mtr in Diameter)

• **Your Go-To Place for All Kinds of Steel Fabrication**

We also manufacture Pressure Vessels, Storage Tanks, Industrial Chimney and more as per clients requirement

What We Offer ?

• **Complete Piping & Fitting Solutions**

From Bends, Reducers to End Caps and other Pipe Fittings, we offer durable and precise components for all your piping needs.

• **Tanks, Vessels & Industrial Chimney Fabrication**

We manufacture High Quality Pressure Vessels, Storage Tanks & Industrial Chimneys tailored to your exact specification

• **Custom Pipe Coating Solutions**

We offer customized Epoxy Coating, PU Coating, Tape Coating, Guniting, and Cement Mortar Lining for pipes & fittings to meet every client's need.

Why Choose Us?

1 **50+ Years of Experience**

Established in 1973, trusted for Quality, Consistency & Timely Delivery

2 **Precision & Durability**

Advanced machinery and stringent QC norms ensure long-lasting products

3 **Modern Infrastructure**

Two fully equipped fabrication workshops for efficient production & dedicated coating plant for all kinds of coating

Our Products

MS Pipes & Fittings (Size From 20mm to 3.4mtr in Diameter)

MS Pipes

specially engineered for seamless fluid flow and enhanced durability.

MS Reducer/Expander

allows smooth transition between different pipe sizes.

MS Bends /Elbows

for redirecting flow with accuracy and minimal resistance.

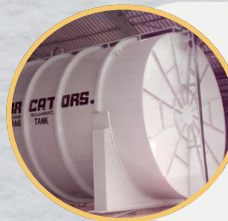

MS Flanges

for Strong, bolted joints for easy assembly and maintenance.

MS End Caps

for securely sealing pipe ends to prevent leakage and ensure safety.

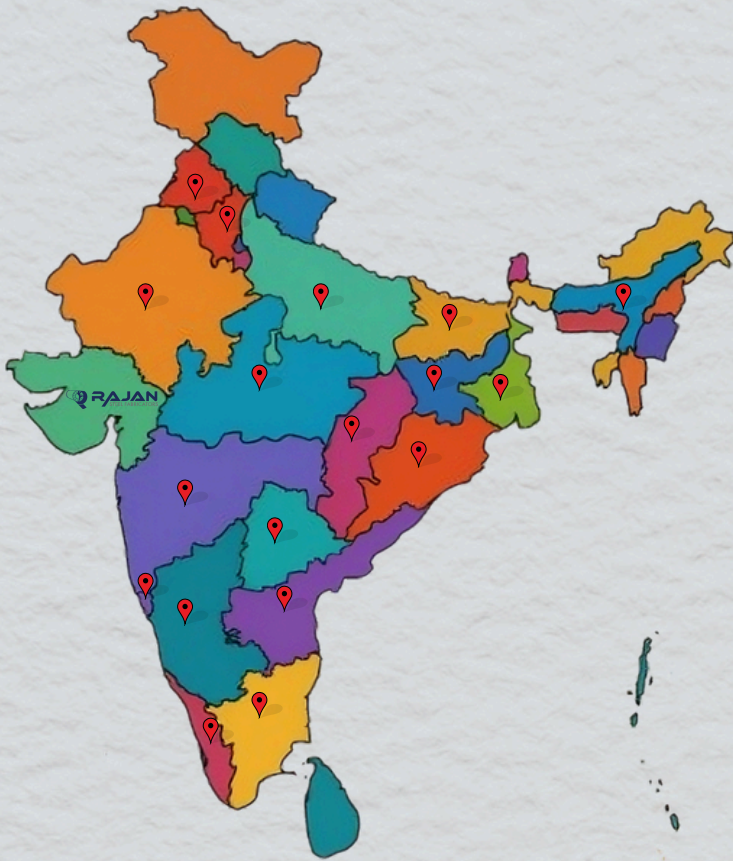

MS Storage Tanks/ Pressure Vessels

durable, high-strength tanks for safe liquid storage, built to industry standards.

Industrial Chimneys

chimneys designed for effective exhaust and heat management in industrial setups.

Our Clients

Our Mission

- 1 To deliver best-quality products in timely manner while maintaining cost efficiency.
- 2 To drive financial growth for our partners and business associates.
- 3 To create meaningful and rewarding career opportunities for our people.
